REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the present invention relates to a memory device with redundant circuit. The independent claim 1 recites a circuit for reading out a programmable link, comprising an address input, a volatile memory cell for storing a data from the programmable link, a comparing circuit for comparing a address input data with a data from the volatile memory cell, a switch for coupling said address input to the input of said volatile memory cell, a device for programming the programmable link, and a control circuit for controlling the switch. The PRIOR ART fails to disclose or suggest such a circuit for reading out a programmable link as described in the independent claim 1, therefore, claims 1-6 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vu A. Le whose telephone number is (571)272-1871. The examiner can normally be reached on M-F (7:00-3:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on (571)-272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
